Michigan Works! Registered Apprenticeship information session for employers

The Macomb/St. Clair Workforce Development Board will host an informational session for Michigan employers on the United States Department of Labor Apprenticeship (RA) model. The RA model is an industry driven model which has proven effective for employers to build a skilled workforce and talent pipeline.

The informational session will run from 9 a.m. to noon Tuesday, Nov. 7 at Macomb Community College South Campus, Building S-101, 14500 12 Mile Road, Warren. Attendance is free, but space is limited. To reserve a seat, contact Kristi Kabacinski at kkabacinski@macomb-stclairworks.org and include the name of the company, names of those attending and a contact email.

The Macomb/St. Clair Workforce Development Board administers the Michigan Works! Service System in Macomb and St. Clair counties. Michigan Works! is part of the nationwide American Job Centers Network. Michigan Works! agencies oversee comprehensive services designed to help employers access a skilled workforce and help job seekers access satisfying careers. Programs also include workshops to prepare youth and unskilled adults for entry into the labor force and help individuals who are disadvantaged or who face serious barriers to employment develop skills through training that leads to employment and ultimately economic self-sufficiency.
